SKILLS BASED VOLUNTEERING

If you are interested in sharing your skillset and experience, we have ample need for volunteers across a range of short and long-term projects.

CORPORATE PARTNERSHIPS

We offer various partnership opportunities for organisations including:

- Active challenges
- Joint events
- Training days
- Lunch & learn sessions
- Charity of the Year opportunities
- In-kind support

CORPORATE VOLUNTEERING

Take part in tailored full and half-day volunteering sessions where teams can attend a bespoke session to understand more about the crimes of modern slavery and human trafficking, and include bespoke workshops.

So glad I went to the volunteer day. I learned so much and...I felt proud to work for Bank of Ireland.

JOIN OUR GLOBAL DISRUPTOR NETWORK

- If you are a financial institution, reach out to learn more about Exploitation Analytics.
- If you are a business, reach out to better prevent exploitation in your operations.
- If you are a frontline organisation or agency, learn more about how you can use the TA Hub to support your work, and join a global intelligence community sharing data and coordinating action.

Freedom Collaborative embraces data sharing and accessibility, believing that data is not a finite resource, but rather a powerful tool that benefits all when shared and used wisely. That's why we actively contribute and use the Traffik Analysis Hub, so that the strategies of many different stakeholders can be data-informed and more effective in protecting vulnerable individuals and communities.
